

Baby Moses was in danger.
To keep him safe, his mother
and sister put him in a basket
in the river.

Pharaoh's daughter found
Baby Moses. She asked
Moses' mother to help her
take care of him.

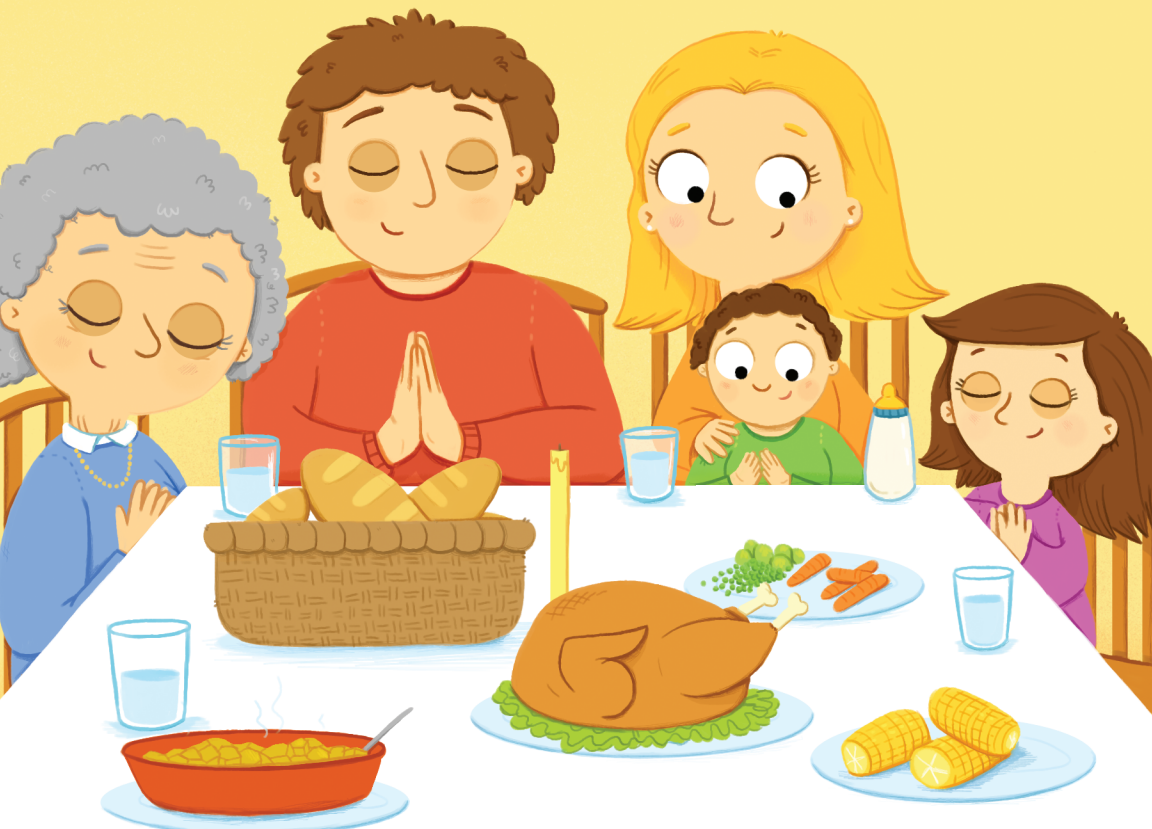

Baby Moses' family
protected him.

Families take care of babies, keep them safe, and protect them.

Just like these Bible babies, you
are precious and loved. Your
family hoped and prayed for you.

When you came into the world,
your family was so happy that
they thanked God for you. God
loves and cares for babies.
